

The Labour Market Group
Guiding partners to workforce solutions.

Media Release

For Immediate Release....Monday September 20th, 2010

The Labour Market Group has launched their 2010 Trends, Opportunities and Priorities (TOP) report for circulation among community stakeholders. It is available for download on the Board's website at www.thelabourmarketgroup.ca or by contacting the Board office.

TOP is an annual collaborative process that involves the review and analysis of localized statistical data, verification of data through employer interviews and local action planning that addresses the labour force issues faced by various employment sectors. The Labour Market Group and its partners then work collaboratively throughout the year to address the action plan in the hopes of bringing awareness to and resolving the issues that prevail in the local labour market.

"This document is a valuable resource for the community as it details the various labour market issues that are prevalent in various industry sectors." says The Labour Market Group's Executive Director, Stacie Fiddler. "This report will formulate the work of the Board for the upcoming year", says Fiddler, "and will involve working with various community partners to implement the initiatives outlined in the labour market action plan."

The Labour Market Group is funded by the Ontario Ministry of Training, Colleges and Universities and is part of the Employment Ontario Network.

For more information on the Consultation Sessions or the Local Training Board, please contact Andrea Stoppa, Executive Assistant at 705-474-0812, info@thelabourmarketgroup.ca or www.thelabourmarketgroup.ca.
