

For Immediate Release

Passport to Prosperity and School/College Work Initiative presents:

Girls Lunch Out 2010

Thursday October 21, 2010

Elks Club, North Bay

Girls attending grades 10 through 12 from the area's five school boards will be participating in an all-day session with female mentors in order to learn more about careers they may wish to pursue.

This initiative will assist the students with career preparation from a personalized point-of-view, as well as educate participants on the variety of jobs available, employer and academic expectations, and provide forums to ask questions and collect information regarding their futures.
